## DISTRICT NEWS

Edited by our own staff of wide-walk correspondents.

### Hillside.

Leslie Mars has added another five sores to his already good amount of breaking. He completed this on Friday.

Mowing machines and scythes have been hard at work, but owing to the heavy rain storms the results are far from satisfactory.

L. and N. Mars left Hillside on Friday for the purpose of haymaking. It is to be hoped they will have better weather than they had attended their other work.

The baseball players met on Tuesday, but no ball games took place, something else, however, was done which if not congenital was useful.

On Friday evening the Hillside settlers enjoyed a social evening at the residence of Mr. Heric. Mr. Heric, Mr. Allen and Mr. Howes presided at the piano and discontinued sweet music.

What was the cause for the explosive outburst the other evening? Surely something stirring must have taken place. Hillside certainly is getting a spot of life and humor.

I am sure who inflicted the hay patent notice near Hillside, but I do know if the trespasser or trespassers can read at all, they will get a shock to their orthographical resources that is apt to go right to the soul. Men! The police writer should compete with Pilgrim at any rate for brevity and correctness.

### Rovetta.

H. H. Rowe has the logs up for a house 22x28 inside.

S. K. Allen has been finishing a barn and granary of logs.

A. M. Jeffords is erecting a frame dwelling 16x30 with a 12x16 addition.

E. B. Shinder has nearly completed his barn and house in their new locations.

Laurent Silvay and Pascal Demont have each started to make hay on their ranches.

So much has transpired since our last issue that a beginning is as a rule.

Grain is mostly all headed out while new potatoes were a delicacy three weeks ago. H. H. Rowe had new potatoes on July 13th, large as turkey eggs.

The neighbors in Rovetta district, at the informal meeting decided to erect a frame Methodist Church 20x30 on the 40 acres obtained from the government for cemetery and church site in section 10-15-20.

The new school house is completed and surely a credit to the trustees. Myers, Ashton, Allen and Seely. E. E. Violett and John Peterson were the carpenters.

Under the efficient management of W. E. Crumlin, the roads are getting quite passable; the object being to have one road good through the township to connect with other roads leading to Gould's crossing bridge.

### Beaver Lake.

Arrivals from Beaver Lake settled on Friday afternoon reported the death of Mrs. L. A. McKenzie, second son of R. A. McKenzie postmaster of Legion post office, Beaver Lake settlements. The young man was about 22 years of age. For some time he had been paying his address to a young lady, the daughter of a neighbor. This young man is well standing between the families. But apparently his suit had not been favorably considered. On the morning Wednesday, July 12th he visited the young lady of his choice, and after a short while said to her, "I have had my mind on you and I think you are a good girl and wrote two letters to the young lady. After he had written the letters his little sister saw him take the rifle and leave the house. Evidently he went to the shore of the lake and sat off his coat and boots, folded the coat for a pillow, lay down with the rifle beside him, and having adjusted it, fired it by using one of his toes. The ball entered the body just below the heart. His father was working in the blacksmith shop and heard the report of the gun and did not hear the report, or if he heard it did not notice anything was wrong. He was not missed until noon when Mrs. McKenzie called the family to dinner. Colin did not come with the rest. After dinner a

advantage of being a large ad to the town as well as personally, as it may be easily seen from the train.

A large park packing establishment is going up in Leduc. Mr. D. Wade is to be manager of the concern.

Rev. D. K. Allan returned to town on Saturday after a week's visit to friends at Penon Park near Millar.

Still more building goes on. Mr. McCrae has the foundation for a carpenter's shop where he hopes to show much of his skill.

On Sunday afternoon a choral service was rendered in the Method. dist. chapel. The attendance was good and the singing was greatly enjoyed by all.

A fine armed men from the Royal Canadian Dragoons came into trouble. He had made a deal for a horse with Alex. Bush, but the money was not forthcoming so Bush disposed of the horse to another. This one named MacLennan, however, was not satisfied with the price paid and shot him out his first in and shot at Bush. Bush was before the court on Monday and was sent to the Fort awaiting further trial.

### Millet.

Millet is a thriving village on the C. & E. R., ten miles north of Wetaskiwin, and is surrounded by rich farming land, with plenty of timber and the best of water. Nearly every quarter section of land, both government and railroad, is taken up and most of it is occupied by actual settlers, who are busy improving their lands and building homes for themselves and families. We all think we have the richest and most productive lands in Alberta, as our crops will help prove, and the best part of it is we are all healthy, contented and happy, and why should we not, with good neighbors, good land, good timber, good water, good crops, good school and church and Sunday school? Our village is surely one that is a great trading point. Our burg is new, being all built within the last eighteen months and consists of four general stores, post office, lively stable, hotel, lumber yard, several dwelling houses, and church and school house.

The public school is commencing on August 10th and 11th continuing the middle of the season. The building was just lately completed and is 24x33 feet, giving plenty of room at present... John Brash has the largest field of onions in the neighborhood.

In the east end of the valley there are two Mr. Charles Fletcher have twin, a boy and a girl. Mothers and babies are doing well... Mr. Pein has built an addition to his barn... Mr. Brash lost a fine mare from tame never less than 1000... Mrs. E. T. Evans has one of the finest gardens in the country... James Blake is building a new house in the village... Abigail Johnson had a surprise birthday party last Thursday. It was a success in every particular... E. T. Evans has become a full fledged British subject... Mrs. Atkins has a fine lot of lay to cut... Mr. Miller is in the States trying to sell his farm, but he sent word that everybody wanted to sell out and come to Alberta... Mr. Ottis went to Lacombe on business Saturday... Jesse Davis is building a very fine house on his farm; Joe that looks as if something was going to happen... Ardie Richardson likes cutting hay... B. A. Vanmeter has done quite a bit of fencing this summer... George McVean has moved out on his farm lately bought of the C. P. R. ... Alfred Gowan is building a new house on his estate, also Mr. Curry is doing the same on his farm... Millet has a baseball team.

### Leduc.

Messrs. Carr and Hobbs are visiting the district.

Mr. Telford and Ray returned to town on Wednesday evening from their trip to the coast.

In the near future a photograph of Mr. Gowan will be put on Martin's photo studio on Main Street.

Mr. Glavinay is showing his collection of the future of Alberta at Gayfer's Drug Store.

The public are cautioned against attaching undue weight to estimates based upon a mere few measurements.

The question of clearing up the town was discussed at length, but no action was taken.

McEachern, Finch, Black & Co. buying land which was recommended by the Finance Committee before the election.

## Nashville.

Fine weather, and crops look fine all over the country.

Haying has commenced in this neighborhood but the crop is not very heavy.

Abbin Anderson, of Nashville, is building a large barn on his C. P.R. land north of the school house.

We understand the Swedish Baptist Society, of Nashville, intend building a church at once upon J. E. Anderson's C.P.R. land.

We notice that Ed. Johnson is back from his Dried Meat Lake trip, but he didn't get the land he wanted, but, Ed. you can try again

J. Edlund has just completed his large new granary to make room for his large crop of grain which soon will be ripe and ready for the sickle.

Taxes are now due and we notice that J. F. Peterson is rustling the back taxes in fast. Look out, people, John is determined to make everyone come to time.

## Penron Park.

Haying is the order of the day. The reaks are looming up in all directions.

Some of the parties that went berrying to the lake last week got the rain, and they were people that knew enough to come in out of the wet, too.

Miss Robinson, principal of the Wetaskiwin school, returned to town after spending three weeks of a most enjoyable time in the Park. She was the guest of Miss Katie Burger.

Rev. Mr. Allan, pastor of the Presbyterian church, Leduc, was the guest of Fred Burger last week. Mr. Allan is a gentleman and a whole-souled Scotchman. With those two marks of character, we hope he will find his journey through life a pleasant and useful one.

The basket social at the Lucas school will come off on Wednesday, the 13th, and not on the 12th as was stated last week.

## Edberg.

J. C. Ram left for Wetaskiwin on Monday.

Fred Meek is working for H. M. Lien during haying.

A dance was held at A. W. Erikson's Saturday night.

Mr. and Mrs. C. Ottison, of Wetaskiwin, visited friends at Edberg on Friday last.

A. Norman left for Ponoka last Saturday to make entry for a quarter section homestead land near Meeting Creek.

## Highland Park.

G. Saffron brought out a load of lumber for his new house on Saturday.

Chas. Rother had a raising the

other day and got his house well under way.

Mr. Meade, of Lewisville, was out this way Tuesday.

Gilbert Trussler, of Ontario, was a welcome guest at Chas. Davidson's Tuesday.

M. W. Brooks made a business trip to Duhamel Wednesday.

Mrs. A. Johnson was quite ill for a few days last week but is improving now.

Our noted violinist, C. A. LaPoint, played at the picnic near Lewisville on Aug. 2nd.

Mrs. Chas. Davidson is visiting at Mr. Dore's at Meeting Creek.

The recent rains have obliged the farmers to do considerable ditching in order to obtain a sufficient supply of hay.

## Reserve.

We are sorry to record the death of one of our young men in the person of Jas. Bull who died Sunday, 27th.

We are glad to welcome Rev. Grant who has been attending school at Edmonton.

Mr. Galloway paid the reserve a flying visit on Monday. He was on his way to Leduc accompanying Mr. Williams, the minister, to take charge at Coalbank.

W. T. Henry and son of Edmonton, are visiting Rev. German's.

Mrs. Rev. O. German left for the coast on Monday, August 4th. We all wish her a safe and happy trip.

What undoubtedly is the largest known tree in the world has been discovered on the government reservation far up the Sierras, in California. Six feet from the ground it took a line 154 feet 8 inches long to encircle the tree, making it over 51 feet in diameter.

### For Business Men,

Robert Munro, president of the Canadian Manufacturers' Association, writes of "Our Future Trade with the Empire" in the August Canadian Magazine. He shows the progress we have made and points out the direction in which future progress will lie. Among the other contributors to this Empire Number, which is handsomely illustrated, are Lord Strathcona, Sir Gilbert Parker, Professor Goldwin Smith, the Hon. J. W. Longley, Chancellor Burwash, Chancellor Wallace, Professor John Campbell, John Reade, F.R.S., A. H. U. Colquhoun and John A. Ewan. This is one of the most notable numbers which the Canadian Magazine has ever issued.

### News Notes

The 13 year old daughter of Mr. and Mrs. Geyselman, Winnipeg, has mysteriously disappeared.

The Winnipeg oarsman won two of the three events in which they were entered at the Brockville regatta on Saturday.

Professor Jagger believes that Mount Pelee will again cause great destruction and states that the West Indies are menaced by tidal waves.

The Fernie coal mine strike is as good as called off. The terms are not exactly known at present, but they are satisfactory, and the men will return to work Wednesday.

The license commissioners for this district were in session Friday last. They granted two licenses, one to Wm. Spurrel, Imperial Hotel, Blackfalds and the other to a wholesale liquor store Ponoka.

During the month ending June 30th the Innisfail creamery received 15,398.5 inches of cream from which were made 16,440 pounds of butter. But for the wretched condition of the roads the product would have been much larger.

The fine weather still continues general all over the Territories and it is now certain that crops will be good. In the immediate vicinity of Wetaskiwin some damage was done to grain fields by the persistent wet weather in the early part of the summer, but crops generally have recovered from the setback and there is now every indication of a good yield. This is particularly true of fall wheat which is proving to be well adapted to this section of the country.

Fernie, B. C., August 4.—Some of the rescuing party who went up the Middle Sister mountain last night to the assistance of Dunsmore, who cut his throat, returned this evening bringing news that Dunsmore died yesterday at 11 o'clock. Liphard stayed with him till the rescuing party arrived at 10 o'clock today. He was found in an exhausted condition from the intense cold of the night, hunger and the awful experience he had just passed. The party tried to bring the body back, but had to give it up after succeeding in

bringing it down some three thousand feet. They decided to bury him on the mountain side and some of the party stayed there for that purpose intending to camp for the night on the other side of Mount Fernie.

## the Wetaskiwin Times.

WETASKIWIN, N. W. T.

The Farmer—Charles Y. was most abominable glutton, and was fond of anything he could chew and swallow. He finally died of a surfeit caused by overeating. It is believed that his diet was mainly flesh and disease.

**THE BEST PILLS.**—Mr. Wm. Vandey, Sydney Crossing, Ont., writes: "I have been taking Dr. C. P. R.'s pills ever since I've been ill. They're delicate and delicious tasting. They have a charm. Taken in small doses, the effect is immediate. They stop the action of the bowels, and yet do not affect the secretions of the body, giving it rest and vigor."

Treats change their guineas, not their characters.

Sin has many tools, but a lie is handle which fits them all.

Messrs. C. R. Richards & Co.

Dear Sirs.—While in the country last summer, I was bitten by mosquitoes—so badly that I thought I would be disfigured for a couple of weeks. I was advised to try Liniment to relieve the irritation, and I did so. The effect was more than I expected—a few applications completely removed the irritation, preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquito.

Yours truly,

W. A. OKE,  
Harbor Grace, Nfld., Jan. 8, 1898.

It is perhaps well to remind that girl when parents and dairymen they can make her eat, and who is dissatisfied, that some day her happiest moment in life is when the baby is asleep.

Put not your trust in money, but put your money in trust.

**Minard's Liniment is the best.**

With most men life is like bucking—half skill and half luck.

Faith always implies the disbelief of a lesser fact in favor of a greater.

The scientific study of man is the most difficult of all branches of knowledge.

Controversy equalizes fools and wise men in the same way—and the fools know it.

## MARKETS.

### CHAIN AND PRODUCE.

The local market has been quiet but firm all week, with a very small business doing. In the fore part of the week the feeling was somewhat uncertain, but the buyers and sellers were not disposed to reduce prices in order to sell, and on Wednesday No. 1 hard was worth \$14.15 per ton, 75¢ per bushel, 40¢ per spot or July delivery, in store Fort William. With the easier markets come the buying here is easier too, but all the same as before. Prices were practically the same as they were a week ago, viz., 1 hard \$14.70, 1 northern \$14.15, 2 northen \$12.70, spot or July delivery, in store Fort William.

Pope liked stowed lumber. Sometimes, when visiting what would be abed for two or three days at a time, unless he heard that there were no buyers for dinner, when he would rise and make his appearance at the table.

There never was, and never will be, universal panacea in one remedy, for all diseases are not of the same nature, and many curatives being such that they are not good for all.

**GROUNDS FRESH.**—Out of 100,000 lbs. of ground, 98 lbs.; oleoresin, \$1.00; Alum, \$1.75; Manitoba, \$1.00; Xanadu, \$1.00.

**MILLFED—BRAN** is firm and worth \$15 per ton in bulk. Shorts firm at \$17 per ton in bulk, delivered, subject to usual trade discount.

**GRINDING FEES.**—Out of 100,000 lbs. of ground, 97 lbs.; out of 100,000 lbs. of bran, 95 lbs.; out of 100,000 lbs. of flour, 95 lbs.

**OUTDOORS.**—The market is quiet and confined to local account. We quote: No. 2 white, 40¢ per bushel, for carbon on track, \$1.00; No. 3, 50¢ per ton; No. 4, 60¢ per ton.

**BAILEY—**All offerings are now being taken for feed at 40¢ per bushel. The movement is very light.

**SPLITZ—**Dealers doing a little business, mostly sales to feeders, at 50¢ per bushel of feed.

**HAY—**Demand is fair and the market steady at \$7 to \$8 per ton for feed, and \$10 to \$12 per ton for hay.

**POULTRY—**Market is quiet. Live chickens worth 70 to 75¢ per pair, and turkeys are worth 11¢ per bird, live weight.

**BUTTER—**Meat—Receipts are fairly large and prices hold steady at 16¢ to 17¢ per pound for choice butter.

**HUNGARIAN—**Receipts are offering as high as 13¢ per pound, commission basis, for choice table butter in boxes or tubs, and from that point the price ranges down to 10¢ for low grades.

**CHEESE—**The market is steady and purchases have been made at 9¢ per pound, cheese as pieces from \$1 to \$4 per pound delivered dry.

**DRESSED MEATS—**Receipts are moderate, and the market is firm at 12¢ to 13¢ per pound, choice cuts.

**EGGS—**Receipts are moderate, and the market holds steady at 16¢ to 18¢ per dozen, choice cases (eggs delivered in winter).

**DRESSED MEATS—**Receipts are moderate, and the market is firm at 12¢ to 13¢ per pound, choice cuts.

**CATTLE—**The range cattle are now new in market and shipping for export is commencing. The market is firm and for export cattle and prices are high, con equency we may expect to see an active movement from now on.

**BEV.—**There is a good demand from local butchers for beef cattle. Choice export cattle are worth 40¢ per pound off car, while lamb and butchers' grades from \$1 to \$4.

### The King's Overcoat.

"An Expert" writing in Fashion, describes the King's latest overcoat. The tailors in these coats this year have been working hard.

At the beginning of the year they had narrow turn-ups at the cuffs, velvet collars, and either a wide or narrow belt.

Now, with the same coat as the coat as they were double-breasted, and had full skirts fitting in the waist, the King's coat is now a double-breasted.

The King has now appeared in a frock overcoat with velvet cuffs, and this has been followed by the tailors of London's well-dressed men to do likewise. As the Prince of Wales, His Majesty, however, practices the double-breasted coat, the men who sat on the safety valve," for his plucky action during the Egyptian war of 1882. He then, in order to fit in with the general expedient indicated in order to raise sufficient steam to lift ashore at Suez, by means of a rickety crane, found that the coat which was urgently required on the Egyptian Railway.

At Rosemont, England, the health has taken possession of Mr. George Thomas Crook, formerly Inspector of Machinery in the Royal Navy. Mr.

Crook, who was seventy-two years of age, was known as the "old man who sat on the safety valve," for his plucky action during the Egyptian war of 1882. He then, in order to fit in with the general expedient indicated in order to raise sufficient steam to lift ashore at Suez, by means of a rickety crane, found that the coat which was urgently required on the Egyptian Railway.

**Memorial to H. D. Blackmer.**—The English fund for the memorial to H. D. Blackmer, author of "Lorna Doone," has reached the sum of \$1,000. The largest single contributions were at that time exacted from Blackmer's many readers, and the remainder was collected by the author himself, and dedicated to the erection of a tablet upon the interior walls of Exeter cathedral, says Dr. Alfred G. Green, author of "Lorna Doone." Lorna Doone has always been popular, year after year. One of the most attractive editions is the beautiful photographic illustrations by Clifton Johnson. Mr. Johnson was the pioneer in that kind of literature. His photographs for "Lorna Doone" were made in the Donmar country itself, which he thoroughly explored, and his pictures, tramped with his faithful camera for miles over the moors which form the famous Milla ruins.

### A Champion Tree.

A French paper reports a tree of the cypress genus, in the state of Oaxaca, Mexico, that is 355 feet in circumference at six feet from the ground. It is not far from the famous Mitla ruins.

### Ton Late.

"When I was a year old, I didn't have the strength you have," said the father.

"Well, father," replied the son, "I'm too late to kick about it now. You should have thought about those things when you were a boy."

### Relieved.

"Papa, when you were a boy did you ever fall a lie?"

"I am afraid I did, my boy. Why?"

"Nothing, only I was afraid you did not."

**Retired.**

"Papa, when you were a boy did you ever fall a lie?"

"I am afraid I did, my boy. Why?"

"Nothing, only I was afraid you did not."
